OVERVIEW

Recent graduate of the Level 5 Web Design and Development at Toi Ohomai - Te Pukenga

seeking an Entry Level Web Developer position in a reputed company where I can use my

educational skills. With over 12 years working as a Chef, I am looking for a career change

and bring the following transferable skills to the role. The ability to work under pressure,

creative thinking, design and problem-solving skills. I look forward to the opportunity to

demonstrate my skills further.

Passionate and Ambitious Entry-Level Software Developer |

Building Innovative Solutions for Tomorrow

I am a highly motivated and dedicated entry-level software developer with a strong passion for creating impactful software solutions. My goal is to leverage my technical skills and knowledge to contribute to the development of cutting-edge technologies that shape our digital future.

I am currently seeking opportunities to apply my skills and contribute to an innovative organization that fosters growth and encourages creativity. If you are looking for a motivated and enthusiastic software developer, let's connect!

Key Strengths

Strong problem-solving abilities to tackle complex programming challenges.

Solid understanding of object-oriented programming principles.

Proven ability to collaborate effectively in cross-functional teams.

Continuous learner with a thirst for staying updated on the latest industry trends.
